Read the instructions carefully. Wrong installation, use or repair voided warranty. If recovery is needed, consult a dealer.

### General remarks

- Check if the supplied product suits the type, height, and the projection of the canopy.
- When attaching the positioning pieces in the main housing of the awning, respect the following rules:  
The surface has to be dry and clean, no dust, no grease. Press well. Please wait 72h before usage!
- The sun can affect colors depending on usage.
- When it rains, put one side of the awning lower so that the water can drain.
- When wind reaches 6 Bft. please store the panels and close the awning.
- Don't place heat sources near the walls or the roof.

### Maintenance

- Ensure that there are no hard objects on the window during folding. This is to prevent impressions.
- Let the panel dry thoroughly before long time storage.
- Use pure water or a dry brush to clean the panel.

Lisez attentivement les notices d'installation. Une mauvaise installation, utilisation ou propre réparation annule toute garantie. Si la réparation est nécessaire veuillez consulter votre revendeur.

### Remarques générales

- Vérifiez si le panneau fourni correspond au type, hauteur et avancé du store.
- Pour fixer la pièce de positionnement à l'intérieur du boîtier, respectez les règles suivants:  
La surface doit être sèche, dégraissée et dépoussiérée. Bien appuyer. Attendre 72h avant d'y mettre une charge!
- Dépendant de l'utilisation le soleil peut affecter le coloris de la toile
- Abaissez un pied de store pour obtenir un meilleur écoulement de l'eau en cas de pluie.
- À partir d'une force de vent de 6 Bft démontez le panneau et fermez le store.
- Ne placez aucune source de chaleur près des murs ou du toit.

### Maintenance

- Assurez-vous qu'il n'y a pas d'objets extérieurs sur la fenêtre lors du repliage. Ceci afin d'éviter des encoches dans la toile.
- Laissez sécher la toile complètement avant de la ranger de longue durée.
- Utilisez de l'eau claire ou une brosse sèche pour nettoyer.
